ANDREWS MATRIC SCHOOL
(RECOGNIZED BY THE GOVERNMENT OF TAMILNADU)
VICKRAMASINGAPURAM

The School:

Cradled in the arms of blue hills, green carpeted rice fields, winding canals and a serene atmosphere, far from the madding crowd is ANDREWS MATRIC SCHOOL sprawling over an area of nearly 2 acres.

Andrews Matriculation School is more than a school, it is a world of love and care. Each child is given individual attention, just as they would get at home. All the needs of the child are met with understanding and appropriate care, be it physical, emotional, intellectual or spiritual.

Small classes, generally no more than 30 pupils, enable teachers to get to know each child and their strengths and weaknesses well and then develop individual learning plans. The small size of the school means that individual needs can be accommodated.
